Available in print, as a searchable online database and in e-Book format, chapters include: Banks & Depositories, Investment Management, Insurance Companies, Accounting & Law, Associations and Publications. Each listing presents a detailed organization profile, including founding date, scope of activity, executive information, full addresses and complete contact information.

General Manager of Grey House Canada, Bryon Moore, states, "We're very excited about this new edition. Our editorial staff has done an outstanding job, updating 14,000 of the financial institutions and executive profiles".

Financial Services Canada publishes directly after another finance title released in March 2014, *The Directory of Canadian Venture Capital & Private Equity Firms*. This title, adapted from the US publication of a similar name, examines the most essential and current information on the Canadian venture capital industry. It includes articles written by Thomson & Reuters, Industry Canada and The Canadian Venture Capital Association, among others. For a limited time, Grey House Publishing Canada is sending a free copy of this title to any purchaser of the *Financial Services Canada* 2014-2015.

Financial Services Canada is widely used as a valuable resource for financial executives, bankers, financial planners, sales and marketing professionals, lawyers and chartered accountants, government officials, investment dealers, journalists, librarians and reference specialists.

With over a decade and a half of publication behind *Financial Services Canada*, this thoroughly researched and comprehensive volume includes listings for every facet of the Canadian financial industry.
