

Introduction

This 2026 edition of *Associations Canada* published by Grey House Publishing Canada includes over 20,100 associations, both those that are headquartered in Canada, as well as those headquartered elsewhere with branches in Canada. The Canadian associations are followed by a separate section of Foreign Associations that are of a particular interest to Canadians.

Content

Associations Canada has been a valued reference tool for over three decades, providing the most comprehensive picture of Canada's non-profit sector. This 2026 Grey House Canada edition is no exception. The Canadian organizations and international groups in this edition represent industry, commercial and professional associations, registered charities, and special and common interest organizations. This 47th annual edition includes updates or verification of all major associations, as well as all meetings and conferences. Included are nearly 12,000 awards and publications, and close to 23,000 executive contacts.

Each listing presents a detailed association profile, including budget, founding date, scope of activity, licensing body, sources of funding, executive information, full address and complete contact information.

Eight indexes offer a variety of ways to search not only for specific associations, but also for specific categories of associations. In addition to association listings, you'll find several valuable articles following this Introduction, including:

- **Associations**, with historical background, types and organization information.
- **The Innovation Sandbox: Practical Tools for Association Leaders to Create Breakthroughs**
- **The 3 Cs of Leading Through Change: Your Compass for Building Momentum in Ambiguity**
- **The Resilient Non-Profit Blueprint: Finding Calm, Purpose and Impact in Your Canadian Association**

Arrangement

Accessing the factual information contained in the more than 2,000 pages of *Associations Canada* is facilitated by the following organization:

- **Location of Indexes:** The Subject Index in the front of the book is designed to help users quickly find a listing, or group of listings, by subject. The remaining seven indexes are in alphabetical order in the back of the book: **Acronyms; Budget; Conferences & Conventions; Executive Name; Geographic; Mailing List;** and **Registered Charitable Organizations.**
- **Arrangement of Data:** Each profile has boldfaced category headers to help users quickly identify categories of information: **Previous Name; Overview; Chief Officers; Finances; Staff; Membership; Activities; Publications;** and **Mission.**

Available in print, by subscription, and online via Grey House Publishing Canada at www.greyhouse.ca, *Associations Canada* is widely used as a valuable resource of prospects for sales and marketing executives, tourism and convention officials, researchers, government officials—anyone who wants to locate non-profit interest groups and trade associations. To facilitate its use throughout Canada, a significant number of listings appear in French. Some elements, such as select front matter material is offered in both French and English.

We acknowledge the valuable contribution of those individuals and organizations who have responded to our information gathering process throughout the year; your help and timely responses to our questionnaires is greatly appreciated.

Every effort has been made to ensure the accuracy of the information included in this edition of *Associations Canada*. Do not hesitate to contact us if revisions are necessary.

Cette édition 2026 des *Associations du Canada*, publiée par Grey House Publishing Canada, comprend 20 100 associations, dont celles ayant leur siège social au Canada et celles qui, bien qu'ayant leur siège social à l'étranger, ont des succursales ou des divisions au Canada. On y dresse également le profil d'associations étrangères d'un intérêt particulier pour les Canadiens.

Contenu

Associations du Canada, un ouvrage de référence utile et pratique publié depuis plus de trente ans, fournit un tableau complet et actuel du secteur sans but lucratif au Canada. L'édition 2026 de Grey House Canada ne fait pas exception. Les organismes canadiens et internationaux regroupés dans cette édition comprennent des associations industrielles, commerciales et professionnelles, des organismes de bienfaisance enregistrés et des organisations d'intérêt public ou particulier. Cette 47^e édition annuelle comprend des mises à jour de toutes les associations principales ou la vérification de leurs données, de même que toutes les rencontres et conférences qu'elles offrent. Elle compte 12 000 prix et publications ainsi que les coordonnées de 23 000 dirigeants.

Chaque entrée présente un profil détaillé d'une association avec son budget, sa date de création, ses champs d'activités, l'autorité constituante, ses sources de financement, des renseignements sur ses dirigeants, son adresse et ses coordonnées de contact.

Huit index permettent de rechercher de différentes façons autant une association particulière qu'une catégorie spécifique d'association.

Outre à l'information factuelle des *Associations du Canada*, vous trouverez la présence de quelques articles à la suite de l'Introduction:

- **Laboratoire d'innovation : Des outils pour avancer en gestion associative**
- **Trois « C » pour guider le changement : Une boussole pour bien orienter votre élan**
- **Résilience : Comment recentrer votre association sur sa mission première**

Les autres sept index sont maintenant situés à la fin de l'édition et présentés par ordre alphabétique dans cette suite : **Acronyms; Budget; Conferences & Conventions; Executive Name; Geographic; Mailing List;** et **Registered Charitable Organizations.**
- **Agencement des données :** Pour aider les utilisateurs à retrouver rapidement les catégories de renseignement, chaque catégorie est maintenant identifiée à l'aide d'un titre en caractère gras : **Nom précédent; Aperçu; Membre(s) du bureau directeur; Finances; Personnel; Membre; Activités; Publications;** et **Mission.**
