## Governments Canada

*“Governments Canada* provides directory information and direct contact details for the federal/provincial government and municipal governments. The introduction includes an essay and guide to the Canadian Parliament, including how laws are enacted; highlights of significant changes, describing major changes and events in Canada since the last election; government statistics; and a quick reference guide. Under each topic, federal agencies are listed first, followed by provincial and territorial agencies. Each entry contains name, address, phone, fax, and email. The section on federal government features directory information for the Office of the Prime Minister; the Governor General and Commander-in-Chief of Canada; officers of the Privy Council plus a list of members; House of Commons; Senate of Canada; the Canadian Ministry/The Cabinet; Members of the Forty-second Parliament; the Bank of Canada; Canadian Space Agency; Employment and Social Development; the Royal Canadian Mounted Police; and the Royal Canadian Mint, among other agencies. Directory information is also provided for provinces and territories. The municipal section is arranged by provinces and by municipal type (counties, major municipalities, and municipal district). The diplomats section features a directory of Diplomatic Representatives in Canada and also Canadian Diplomatic Representatives Abroad. Additionally there is an acronyms index, containing those used for departments, ministries, and agencies; and a contact index of approximately 20,000 key contacts. Each listing includes title, phone number, and page where listed in book. *Governments Canada* is a **quick reference guide** to locating agencies and specific government contacts. It also is an **excellent starting point to research**. It is **highly recommended** to larger public and academic libraries.”
