**GREY HOUSE PUBLISHING CANADA**

**Canadian Environmental Resource Guide 2018-2019** is the 23rd edition of the most extensive guide to companies, agencies, events, and issues affiliated with the environment in Canada. This essential resource offers a comprehensive overview of over 10,000 ways to access information.

**This title provides invaluable resources related to specific environmental agencies and issues. Inside, you'll find these categories:**

- Statistics & Rankings
- Chronology of Environmental Events
- Special Libraries & Resource Centers
- Conferences & Tradeshows
- International Environmental Trade Representatives
- Major Environmental Companies

***Canadian Environmental Resource Guide* is organized into the following categories:**

**Environmental Update 2018:** Includes revised and expanded chronology and statistics, ranking charts, and environmental performance indicators detailing Canada's environmental performance on an international scale according to significant environmental factors (air quality, water quality). Also includes prominent environmentalist biographies and event profiles.

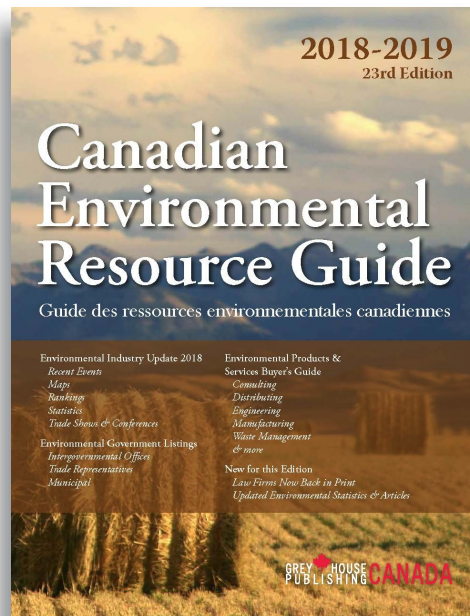

**Major Environmental Companies, Products & Services Buyers Guide:** Top 700 company profiles of companies engaged in environmental-related activities.

**Environmental Government Listings:** Comprised of intergovernmental offices & councils, environmental trade representatives, and municipal listings as well as municipal ranking tables.

**Indexes:** This valuable information is further accessed by the Subject, Geographic, Executive, and ISO indexes.

**All listings include the name of the organization or publication, complete contact information including website, and social media links and executives, as available. The Entry Name Index will provide another means of finding targeted information quickly.**

**With Canadian Environmental Resource Guide, you get the information you need right at your fingertips.**
