Grey House Publishing Canada Announces the 70th Edition of the *Financial Post Directory of Directors*

Grey House Publishing Canada is excited to announce the publication of the *Financial Post Directory of Directors*, a title that has been an authoritative source of Canadian business information since 1931. We are publishing the Directory for the first time, using database content provided by Infomart—the media intelligence division of Postmedia Network Inc. and provider of Financial Post products and data.

The *Financial Post Directory of Directors* is the first title Grey House Publishing Canada will publish in collaboration with the Financial Post Data Group, which has been Canada's #1 source for corporate and financial information on publicly traded companies for the past 80 years. Other Financial Post Publications to be published by Grey House Publishing Canada include *FP Survey* and *FP Bonds*.

"I'm very excited about this opportunity to join forces with Canada's biggest resource for print and online business news and information publications. With these titles we can provide a broader range of financial information products to meet customers' business networking and research needs," says Bryon Moore, Grey House Publishing Canada's General Manager.

The *Financial Post Directory of Directors* 2016 lists the directorships and offices held by Canadian executives. Detailed listings for over 16,500 executives and directors include their directorships, main business address, educational and professional background and business email address, as available. This title also provides names and contact information for Canada's top 1,500 corporations. This insider information on the movers and shakers of Canadian business will give you the tools necessary to thrive in a changing marketplace.

Directory of Directors is broken down into the following categories:

- The **Personal Listings** section contains an alphabetical listing of 16,525 directors and executives of Canadian companies. Surnames are printed first, followed by the person's first name, initials and nickname (if any), followed by abbreviations for any honours and fellowships held. The gender and birth year are shown next, followed by abbreviations for degrees held and the names of schools attended. Where a listing includes the names of more than one company, as possible, the person's principal occupation is shown first. Also listed

are directorships and executive positions held in other companies.

- The **Company Listings** section gives an alphabetical listing of roughly 1,500 top Canadian companies, both public and private, with their boards of directors and executive officers. It also shows each company's head office address, main phone and fax numbers, toll-free number, e-mail address and website.
- The **Industrial Classification Index** lists the companies, sorted by general industry type according to the Global Industry Classification Standard (GICS®).
- The **Geographic Location Index** lists the names of all the companies carried in the Company Listings section, grouped according to the city and province/state of the head office.
- An alphabetical list of **Abbreviations** closes the book, offering definitions of common abbreviations used for terms, titles, organizations, honours/fellowships and degrees throughout the Directory.

Please contact Bryon Moore at **416-644-1914** or **bmoore@greyhouse.ca** for pricing and subscription information to learn more about how you can start taking advantage of all that this title has to offer.
