

Trade Shows, Conferences and Seminars

Conferences, seminars, & trade shows are listed by year, month, & day for 2018 and beyond. In cases where only a year was provided, the entry appears at the end of that year. Listings include association annual general meetings, government-sponsored events, industry trade shows, & international meetings. Changes do occur; you are encouraged to verify dates & locations before planning to attend.

Listings may include:

- date
- name of event
- location (facility, city, province, country)
- sponsor / host organization
- scope of the meeting
- description of the event, if available
- contact for the event

Full details on Canadian organizations sponsoring events or conferences may be found on Canada's Information Resource Centre (CIRC) online.

2018**June**

2018 Canadian Phytopathological Society Annual Meeting

Date: June 17-20, 2018

Location: Québec, QC

Sponsor/Contact: Canadian Phytopathological Society
c/o Vikram Bisht

P.O. Box 1149

65 - 3 Ave. NE

Carman, MB R0G 0J0

204-745-0260 Fax: 204-745-5690

URL: phytopath.ca

Scope: National

Purpose: The objectives of CPS are to encourage research, education, and the dissemination of knowledge on the nature, cause, and control of plant diseases.

2018 Canadian Society of Soil Science Annual Meeting

Date: June 10-14, 2018

Location: Niagara Falls, ON

Sponsor/Contact: Canadian Society of Soil Science
Business Office

P.O. Box 637

Pinawa, MB R0E 1L0

204-282-9486 Fax: 204-753-8478

E-mail: sheppards@ecomatters.com

URL: www.csss.ca

Purpose: Joint meeting with Canadian Geophysical Union (CGU) & Computational Infrastructure in Geodynamics (CIG)

2018 International Conference of Control, Dynamic Systems & Robotics

Date: June 7-9, 2018

Location: Niagara Falls, ON

Sponsor/Contact: International Academy of Science,
Engineering & Technology
#414, 1376 Bank St.

Ottawa, ON K1H 7Y3

613-695-3040

E-mail: info@international-aset.com

URL: www.international-aset.com

Scope: National

Purpose: Annual conference in fields related to traditional & modern control and dynamic systems.

Contact Information: cdrs.net

2018 National Health Leadership Conference

Date: June 4-5, 2018

Location: St. John's, NL

Sponsor/Contact: HealthCareCAN

#100, 17 York St.

Ottawa, ON K1N 5S7

613-241-8005 Fax: 613-241-5055

E-mail: cim@cim.org

URL: www.cim.org

Scope: International

Anticipated Attendance: 1,500

52nd Canadian Meteorological & Oceanographic Society Congress

Date: June 10-14, 2018

Location: Halifax Convention Centre

Halifax, NS

Sponsor/Contact: Canadian Meteorological &
Oceanographic Society

P.O. Box 3211 Stn. D

Ottawa, ON K1P 6H7

613-990-0300

E-mail: cmos@cmos.ca

URL: www.cmos.ca

Scope: National

Purpose: Theme: "Marine & Environmental Risks & Impacts"

8th International Conference on Ocean Energy 2018

Date: June 2018

Location: Normandy, France

Sponsor/Contact: Marine Renewables Canada

P.O. Box 34066

1690 Hollis St., 10th Fl.

Halifax, NS B3J 3S1

URL: www.marinerenewables.ca

Scope: International

Purpose: Global marine renewable energy event focused on the industrial development of marine renewable energy.

Contact Information: www.icoe-conference.com

Air & Waste Management Association 111th Annual Conference & Exhibition 2018

Date: June 25-28, 2018

Location: Hartford, CT USA

Sponsor/Contact: Air & Waste Management Association

One Gateway Center

420 Fort Duquesne Blvd., 3rd Fl.

Pittsburgh, PA 15222-1435

Alberta

Alberta Environment & Parks carries out its work under the authority of the Environmental Protection & Enhancement Act (EPEA), the Climate Change & Emissions Management Act & the Water Act. The EPEA mandate is to maintain air, land & water quality so that ecosystems & public health are protected. The Climate Change & Emissions Management Act provides the legislative backing for Alberta's Climate Change Program. The Water Act supports the conservation & management of water in the province.

Alberta Environment & Parks is organized into several divisions: Alberta Recycling Management Authority, Alberta Used Oil Management Association, Beverage Container Management Board, Climate Change & Emissions Management Fund, Environmental Appeals Board, Environmental Protection & Enhancement Fund, Land Compensation Board, Land Stewardship Fund, Land Use Secretariat, Natural Resources Conservation Board & Surface Rights Board.

Alberta's air quality is managed through the Alberta Environment & Parks, Environment Canada, air quality management zones & industry. Together they operate 140 air quality monitoring stations.

Municipal waterworks, wastewater, storm drainage & solid waste disposal facilities may be municipally or privately owned. Alberta Municipal Management Facility guidelines require most facilities to demonstrate the financial capability to reclaim the site after its closure. Waste collection is the responsibility of the municipality. Those who operate or propose developments are subject to requirements that detail their environmental responsibilities. Alberta's Municipal Waste Action Plan calls for the Waste Management Stakeholder Group, comprising non-profit waste management associations in the province, to communicate waste management initiatives to interested parties, & to prepare recommendations.

"Water for Life: Alberta's Strategy for Sustainability" is mandated to establish a water management policy to ensure safe drinking water, healthy aquatic ecosystems & a reliable water supply-municipalities are active partners in this initiative. The Strategy was renewed in 2008 & continues to be implemented in 2018.

The Alberta Wetland Policy, implemented in 2016, protects Alberta's Green Area (boreal forests & eastern slopes). This policy promotes wetland avoidance & damage minimization. If land development activities have the potential to impact wetlands, developers must adhere to wetland replacement procedures.

EPEA establishes a legislated process for environmental assessments. This process will ensure that potential environmental impacts are identified early during planning. A company will submit one comprehensive application to Alberta Environment & Parks. A designated director coordinates the preparation of a single, integrated approval for the project.

The EPEA regulates the beverage container collection program, managed by the Beverage Container Management Board, which diverts containers from landfill to recycling. Containers are collected through privately owned beverage container depots. An electronics recycling program is dedicated to recovering televisions, computers & other electronics with fees ranging from \$5 to \$15 per item-this is being managed by the Alberta Recycling Management Authority (which also operates Tire Recycling, Paint Recycling & Household Hazardous Waste disposal).
