Grey House Publishing Announces the Release of *FPequities: Preferreds & Derivatives, 2025*

Grey House Canada is proud to announce the 2025 edition of *FPequities: Preferreds & Derivatives*. This brand-new edition is organized into four main sections: Introductory Material, Preferred Shares, Ratings, and Derivatives.

Starting with **Introductory Material**, this section includes excerpts from the Bank of Canada content on the current state of financial markets in Canada. The **Preferred Shares** section lists outstanding publicly and privately held preferred shares with detailed descriptions of their features. The **Ratings** section ranks these shares and Income Trusts with ratings supplied by Dominion Bond Rating Service Limited (DBRS).

The **Derivatives** section covers four distinct areas: *Preferred Securities*, also called hybrid securities as they contain features of both debt and preferred shares; *Structured Products*, trusts created to hold a portfolio of a single or group of similar companies; *Income Trusts*- which are presented in a tabular format with each entity listed alphabetically within their area of operations; and *Warrants*, which are publicly traded and are outstanding, and are listed by expiry date.

For the past 80 years, the Financial Post Data Group has been Canada's #1 source for corporate and financial information on publicly traded companies.
