Grey House Publishing Announces the Release of *FPsurvey – Industrials, 2023*

Grey House Canada is proud to announce the 2023 edition of *FPsurvey – Industrials*. This title is the seventh edition to be published by Grey House Publishing Canada, and is an essential guide to all industrial companies publicly traded and reporting in Canada. The listings cover companies involved in manufacturing, real estate development, forestry, investment holding, and financial management, as well as communications, transportation, banking, retailing, and other service industries. Also listed are those companies which provide service to these areas as well as investment trusts whose operating activities are in these areas.

First established in 1927, *FPsurvey – Industrials* continues to address the very real needs of the private and corporate investor for a comprehensive securities manual. This title provides an overview of investment opportunities: companies' key assets and operations, their management and ownership, their financial position, and highlights of events affecting their companies over the past year.

The Year in Review is a more comprehensive look at corporate Canada. This section contains a tabular summary of rights offerings and name changes that have altered the corporate landscape over the previous 12 months. This material supplements the year end summary of **Annual Dividend Record & 10-Year Price Range**.

The **Top Ten by Industry** section assists with the comparative analysis in and between industries. It contains financial ratios for the top companies in each of the Industry Groups under the Global Industry Classification Standard (GICS).

Grey House Publishing Canada

For more than 80 years, the Financial Post Data Group has been Canada's #1 source for corporate and financial information on publicly traded companies. The Financial Post provides detailed financial and securities data, directory information, and media monitoring on thousands of Canadian public companies, and is known for producing the golden standard of publications for the Canadian financial services industry.

FPsurvey - Industrials is available in print, by subscription and online via Grey House Publishing Canada at www.greyhouse.ca.
