Grey House Publishing Announces the 2025 Edition of The *Guide to Venture Capital & Private Equity Firms*

This twenty-ninth edition of the *Guide to Venture Capital & Private Equity Firms, Domestic & International* is a comprehensive database of 3,000 of the most active venture capital and private equity firms operating domestically and internationally today. All company profiles include current contact information and specific industry data for a detailed picture of the firm and its investment parameters. Profiles include headquarters, other locations and branches, industry group preferences, average investment, portfolio companies, investment criteria and detailed lists of key executives.

As with previous editions, this 2025 edition includes a User Guide, followed by two industry reports that offer insight into the current state of this dynamic industry segment: *KPMG Enterprises—Venture Pulse Q3 2024, Global Analysis of Venture Funding*; and *KPMG—Pulse of Fintech H1 '24*. Highlights include:

- VC investment in the U.S. dipped in Q3 2024, although investment in artificial intelligence (AI) remained strong.
- Despite the overall dip, deal sizes bumped upwards.
- A few IPOs occurred, but M&A activity remained curtailed.
- Fintech investment in the Americas showed signs of weakening, despite large deal volumes.

The *Guide to Venture Capital & Private Equity Firms* is organized into four major sections: **Domestic Firms**, **Canadian Firms**, **Domestic Associations**, and **International Firms**, each of which are listed alphabetically by name. All domestic, Canadian, and international profiles include: a mission statement, industry group preferences, portfolio companies, geographic preferences, average and minimum investments, and investment criteria. Each firm's partners are listed with extensive background information, such as education (including degree and school), professional background (including previous positions and companies), and directorships held. The specificity of both the firm and its partners add to the value of each firm's profile. Information for firms headquartered overseas includes name, phone, fax, email and website.

This resource also contains five valuable indexes:

- **College/University Index:** Offers an alphabetical list of more than 1,000 educational institutions worldwide—and the venture capital executives who attended them. Each listing includes the reference number of the affiliated VC firm of the executive listed.
- **Executive Index:** An alphabetical list by last name of nearly 8,000 key partners and the listing number of their affiliated firm.
- **Geographic Index:** Organizes all firms by state for domestic listings and by country for international listings.
- **Industry Preference Index:** Alphabetically lists the more than 850 industry segments and the names of the firms that invest in them.
- **Portfolio Companies Index:** Alphabetically lists the 50,000 companies that received venture capital from a listed firm, and is referenced to that listing.
